## EDITORIAL

### Can you help? Novel Research BOOTHEY/CORBELL/PENDLEBURY

My name is Kim Lock, and I am an author based in the Barossa Valley. I am writing a novel based on the life of my 3x great-grandmother, Sophia Lock (nee Boothey) who, as a child, emigrated from England and settled with her parents, Thomas and Sarah Boothey, in Cherry Gardens in the 1840s. Sophia Boothey married Jacob Lock on 28th September 1850 in the Wesleyan Chapel Cherry Gardens. Thomas and Sarah Boothey's eldest son was Joseph Boothey, who is listed on the Cherry Chatter website, as an early settler. I am seeking contact with any Boothey descendants who may today hold personal items or information from the early Boothey settlers or their children or grandchildren. In particular I am interested in letters, diaries, enduring anecdotes or recollections, and photographs.

Though I am writing a fictionalised account of my ancestor's life, I would love to gain as much factual informa-

tion as possible. In particular, I am seeking information regarding daily life in the early colonial Cherry Gardens area. Things such as: was there a local midwife available for birthing women at that time? What sorts of foods were commonly prepared and eaten daily? What sorts of rituals surrounded life events such as birth and death? What sorts of medicines or medical care, if any, did they employ when sick or injured?

Other names descended from Thomas and Sarah Boothey upon marriage of their daughters are Lock, Corbell and Pendlebury.

Any assistance in locating any descendants who may be interested in helping me would be greatly appreciated. I can be contacted on email: kim.lock@adam.com.au  
www.kimlock.com.au

## GARDEN CLUB

--> contd p.4

Meetings are held in the Cherry Gardens Uniting Church, at 7:30pm on the 2<sup>nd</sup> Monday evening, from January to November

#### President:

Ray Wise: [raywise@hotmail.com.au](mailto:raywise@hotmail.com.au)  
0405 273 003

#### Secretary:

Shirley Callaghan:  
[shirleyc5159@gmail.com](mailto:shirleyc5159@gmail.com)  
0403 801 916

#### Treasurer

Glynis Brown 8383 6271

#### NEXT MEETINGS

Monday 10th September - Amanda Reynolds from Green Platypus Gardens will speak on permaculture and garden design.

Monday 8th October Freebies Night - Free entry. Please bring an item for a door prize. Three speakers from our

Club.

#### GEORGE'S GARDENING SUGGESTIONS AUGUST 2018

Spring is here with increasing soil temperatures and many plants respond with rapid growth - including weeds - hand pull or hoe them before they have a chance to set seed (1 year of seeds = 7 years of weeds!)

Plant bedding begonias, carnations, chrysanthemums, cosmos, phlox and snapdragon.

In the vegie patch beans, beetroot and carrot can be planted. Cucumber, pumpkin and zucchini may need some warmth, so raise seedlings under glass, keep in a warm spot and protect from frosts. A cloche made from a 2 litre milk container works well.

Some jobs you may consider for this month are:-

- Shape overgrown hedges, hard prune if necessary.
- Trim camellias and azaleas after they have finished flowering.
- If you need to move an evergreen shrub, transplant it before it gets too hot.
- Mulch in preparation for next month's hot weather, after enriching the soil with compost and organic fertilizer

At our annual Winter Warmers evening, while the hills mist swirled around outside, we sat in a lovely warm room, filled with gardening friends, enjoying a meal of four homemade soups to choose from - Chinese chicken and corn, capsicum and tomato, minestrone or pumpkin soup. Some of us had two helpings, and some tried a few

## OVER THE STABLE DOOR

Greetings Fellow Equines and Horse Owners!

By now the paddocks are well and truly wet through, at least in the hills. Although everything looks lovely and green, it comes with its problems. When the weather is not so cold and there are many wet areas, our horses can be prone to many hoof conditions. Some of the conditions which can affect your horse include seedy toe, thrush and greasy heel (or mud fever). All of these can be slow to clear up, so preventative maintenance is the go. Seedy toe is when the hoof wall separates from the sole at the toe. When you pick up the hoof, there will be a black area where the separation is. This black area hides a cavity that runs up inside the hoof wall. If you tap the wall of the hoof it will sound hollow. In severe cases the horse will be lame. Causes range from hard work on hard ground, especially in a horse with weak hoof walls to begin with (as is common in many thoroughbreds), poor shoeing, or leaving the shoes too long between shoeing (this causes the toes to get too long and weakens the wall), small stones getting wedged in between the shoe and hoof, or sometimes with founder, (where the hoof wall is at risk to begin with). It needs to be cleaned out and disinfected on a daily basis and kept as dry as possible. Seek veterinary advice if in doubt. Thrush is a bacterial infection in the

grooves on either side of the frog. The first thing you will probably notice if your horse has thrush is the smell – it is quite strong and pongy! The area will have a black sticky discharge on each side of the frog and your horse may even be lame with this, if severe. Causes can be mainly from the horse standing for long periods of time in wet, boggy (or even urine soaked) areas and not getting a chance to dry out. Even lazy attention to detail when cleaning out feet can contribute to thrush. If you are not sure what to do, your vet can do this, but basically the area needs to be thoroughly cleaned out, including all the sticky smelly stuff. Again, it needs to be disinfected and kept dry. The frog is important for the health of the hoof, so it is important to get on to this straight away, as corrective shoeing may be needed if the frog is too unhealthy. Again seek veterinary advice if in doubt. Greasy heel (mud fever) is a dermati-

tis condition affecting the skin usually at the back of the pasterns and down to the heels. It tends to be more common in horses which have pink skin (usually with white hair) in these areas. And it also seems to be more common on the hind legs, but can still affect all four. The affected area can be extremely painful, with broken skin, swelling, scabs and bleeding. The horse will be very uncomfortable when asked to flex those joints when you are cleaning out the feet. In extreme cases, the horse can also be lame. Again, wet or muddy conditions (even too much hosing in the summer), with the area not getting a chance to dry out, or not being dried off properly after hosing, will all contribute to this condition. Other less common causes include rope burns, or too much hard work in deep sand. The area needs to be cleaned and kept dry – on a daily basis preferably. This condition does not clear up overnight! There are a few creams on the market which can be applied regularly. One is Zinc cream, but there are others. Veterinary advice is advisable if not clearing up with treatment. The bottom line is, 'No 'oof no 'orse', so regular and thorough hoof cleaning is a given, even if the horse is not being ridden. So good luck with those feet everyone, and safe riding!

## CFS NEWS

Winter has finally passed although the wet and windy weather will probably be upon us for a little while yet. The cooler weather has given the Cherry Gardens brigade the opportunity to concentrate on our non-bushfire related training. At this time of year the majority of our callouts are weather related, such as attending to tree branches that are blocking roads or (hopefully) minor car accidents caused by slippery roads or poor visibility. In the case of fallen trees our training concentrates on safe and effective chainsaw handling as well as traffic management. For vehicle accidents we also train in traffic management as well as First Aid and safe working around an accident scene. As with any time of year, the winter months also bring the occasional house or shed fire and for this we concentrate on our BA (Breathing Apparatus) training. Those who are qualified to wear BA conduct simulated building entries, sometimes with fake smoke thrown in for good measure, while the rest of the brigade concentrates on the vital task of coordinating hose lines and en-

suring a constant water supply.

As the evenings warm up our training will gradually shift towards preparing us for the coming fire season, which will be upon us before we know it. Usually we begin preparation for the fire season by inspecting the various fire tracks in our area and ensuring they are still accessible should they be needed. Every member of the brigade is also required to conduct burn-over drills before they are allowed onto the fire ground. A burn-over is where a fire has changed direction and threatens the safety of an appliance and its crew. The drill involves the crew quickly entering the vehicle, pulling down the heat reflective curtains, and activating the sprinklers which protect the vehicle and its occupants from radiant heat.

Recently members of the Cherry Gardens brigade attended the booth for the local bi-election to collect donations. As always, the members of our community showed their generosity and the money raised will now be used to purchase equipment which will help in performing our tasks. On

behalf of all the brigade and Sturt Group we would like to extend our thanks to you all!

We have been pleased to see a steady stream of new members join our ranks over the last few months, both as firefighters and radio (comms) operators. We are still in need of new members though, so if you are interested or you would like to find out more head along to the station at 7.30pm on a Monday night. We'd love to see you.

Like us! <https://www.facebook.com/92CherryChatter/>

## CHURCH NEWS

Over the last few months stone mason, David Harbel, has been replacing decayed and rising damp damaged mortar on the Southern and Western walls of the chapel. We have been awarded a Heritage Grant from the City of Onkaparinga which will help us considerably, to repair the Northern wall, and repair and re-erect the bell tower and bell. Even with that generous grant, we are only able to do small amounts of other works at a time as the money comes in from our regular members. This is part of an ongoing program to maintain the church for ourselves and the community. Once the exterior work has been completed, we will work on funding to repair/replace the damaged plaster and minor cracking inside the church, and then repaint the inside.

In spring we will be re-erecting the bell tower and re-installing the bell on new supports. The old timber supports have cracked and worn, so need replacing. The bell was cast at the C & H Wyatt foundry in the Adelaide CBD in 1851, so is a significant part of our community and South Australia's history. The tower and bell were taken down a few years ago to allow

the church to build the meeting room where the Cherry Gardens Garden Club meets each month. We look forward to the bell tower going up, and being able to ring the bell for Sunday worship once again. Perhaps Margaret Jacobs will teach a few of us how to toll the bell?

## GARDEN CLUB (contd)

different kinds. We munched away on the accompanying tasty breads, cheese platters and so on, while exchanging mostly gardening stories.

Then it was time for a short business meeting followed by our annual "Tips and Tricks". To my "recycling nut" mind the most exciting trick was to use the disposable blue hospital type gowns we wear whilst being x-rayed, to line our hanging baskets, or to line our pots thus preventing the soil from escaping, whilst allowing excess liquid through the drainage hole. What a great idea! Weed tea was another idea! Why not drown your weeds, and after a week or so use the tea from your weeds to fertilise your other plants? Stinging nettle is the most nutritious, but even Sour sobs are great and of course there is always liquid fertiliser which can be made from your rabbit, pigeon, chicken or any animal poo except that of dogs and cats of course. Worm tea from your worm farm. Liquid manures are easily taken up by your plants even in the cold

weather. A word of warning however, the tea should be the colour of weak tea when you dilute it for watering. When germinating parsnip seeds, cover planted seeds with a board for a couple of weeks to assist germination, which can otherwise prove tricky. There were many tips and tricks, and also some very funny jokes, sometimes at the member's own expense but sometimes that of their spouse! The door prize draw followed and there were a couple of great give away plants such as ground orchid tubers and shoots from colourfully leaved canna.

Our newest members brought the only show and tell item this month which was a very versatile fitting for your drill which will help you sculpt and shape your hedges and shrubs very efficiently.

Homemade supper slices finished off a lovely evening.

## WELCOME

The Cherry Chatter committee would like to welcome the newly settled families who have recently moved into the Cherry Gardens area. We hope you love living here as much as we do.

### WELCOME PACKS

If you are new to the area and have not yet received a welcome pack, please contact the editor at [cherry chatter@yahoo.com](mailto:cherry chatter@yahoo.com) with your address.

## CHERRY GARDENS 'HISTORY CORNER'

As a fairly new comer to SA and Cherry Gardens, I enjoy learning more about the history of the district and details of life in the early days. We are lucky to have some documented memories and plan on sharing those in the newsletter over the coming months.

We thought we could start with the settlement history timeline covering 175 years, between 1830 and 1984. Did you know that the first Cherry Gardens cricket team was formed around 1872?

Head to our website to download the full timeline.

Coming next will be some memories from Irene Harvey who was born in 1917 and whose grandparents, Isaac and Elizabeth Jacobs were among the Cherry Gardens' original settlers.

Like us! <https://www.facebook.com/92CherryChatter/>

## FRIENDS OF SCOTT CREEK CONSERVATION PARK

Despite this year producing lower than average rainfall in the district, it seems that when it does fall, as often as not, it coincides with our bird banding weekends. However, we did get out a couple of times during winter, albeit with a very chilly start to the days in the lower parts of the Park. On the other hand, the weather has been quite favourable for our bush gardening days, and our working bees have gone ahead unhindered.

Spring is a great time to get out and enjoy some of the many treasures that the Park contains. September is National Biodiversity Month and Friday 7th September is National Threatened Species Day. Scott Creek Conservation Park has a number of nationally endangered plants and animals inhabiting it, including several populations of the Southern Brown Bandicoot and the Chestnut-rumped Heathwren. It is vital for the survival of these species that work undertaken by the Friends group, protecting and restoring their habitat, continues into the future.

Many who read about the Park assume

that there are plenty of people already helping out, but our numbers are actually quite low. We have a pool of about a dozen volunteers who come out to one or more of our working bees each month. If you have a morning to spare and think you could help out at one of our scheduled activities listed in the programme below, please come along and join us. As the saying goes, many hands make light work and, as a reward, you will get to see parts of the Park that you probably would not otherwise see, including some of the wildlife and many beautiful wildflowers and orchids.

Anyone wanting information about the group or park, or wanting to get involved in any of the Friends' activities, can contact us on [info@friendsofscottcreekcp.org.au](mailto:info@friendsofscottcreekcp.org.au) or visit our very informative website [www.friendsofscottcreekcp.org.au](http://www.friendsofscottcreekcp.org.au). You can also now follow us on our Facebook page [www.facebook.com/friendsofscottcreekcp](http://www.facebook.com/friendsofscottcreekcp).

All working bees meet at 9.00am at the Almanda Car Park on Dorset Vale Road (unless there is a MLR fire ban

or very wet weather). To attend bird banding, contact the coordinator Don Reid on 83882123.

### Programme of activities

#### August

Sat, Sun 1, 2	Bird banding
Tue 4	Working bee
Sun 9	Working bee
Sat, Sun 15, 16	Bird banding
Sat 22	Working

## MINTON FARM

Hi readers. The busy (silly) season has begun abruptly with the arrival of 4 kangaroo joeys and several possum joeys in the same week. Nothing like easing gently back into the saddle!!!! We are also receiving injured echidnas already as they are on the move looking for mates and getting into strife with dogs and cars in their way! We received a 5.44kg female echidna which had been hit by a car on Main Road, Coromandel Valley, just near the school. She was such a magnificent specimen with rolls of fat on her shoulders as she was doing very nicely. She had a few broken spines along her back, indicating that a car had run over her, but most alarmingly - her nose was puffy, twisted and blowing bubbles. She was X-Rayed confirming that the two tiny toothpick like bones along the sides of her nose were both broken through. Because of this she could not possibly feed, and would slowly starve to death if released. The Vet put her to sleep but was able to use her to illustrate echidna care in a new book that she was writing! A

Tawny Frogmouth also had a vehicle impact and died from internal injuries as a result.

If you find animals or birds on the side of the road in a dazed state or with obvious injuries, the most important thing to do is to warm them up gently and slowly in a darkened quiet room by placing them in a box with a hot water bottle under one end of the box. This

gives them the opportunity to move away from the heat, and to avoid dehydration, or back onto the heat if they are cold. This simple act saves lives day or night, then get it to a carer or Vet the next day, unless a cat is involved in which case, get it to a vet/carers immediately. Delaying antibiotic treatment is a death sentence. Please don't leave them out in the cold to be ravaged by predators whilst in a weakened state. Keep an eye out at the moment for the "echidna trains" as the boys are following the girls hopefully for days and hectares in hope of a change in their luck!!

Cheers, Bev. Langley.

## Welcome to our Winter Recreation Ground update

Well the new playground plan between the club and courts is close to being finalised, we are aiming to have it completed for the summer.

As part of the playground, we would like to incorporate a special paved path from the club rooms to the courts. Each paver is for sale at \$40 each. You can add your individual or family name and become part of the history of our Rec ground. Be Quick!! Contact Chris McGowan 0417 128 796.

I'm not sure if everyone in the district is aware, BUT, the land that is now the Cherry Gardens Ironbank Recreation Ground was donated to the community by the Chapman Family in the 50's and is STILL owned by YOU today!! It's unique and we want to keep it this way! We are completely non-profit and receive very little assistance from Council. We rely on patronage to our respective clubs to maintain all the facilities and operations.

The grounds and courts are never locked, thousands of people utilise the facilities each year. Imagine if it were Council owned, facilities would be locked, just like all other Council Clubs. Fortunately, we are all as committed to developing our Recreation Ground and maintaining community ownership as Mr Chapman was. However, being a non-profit is not simple, we are always on the lookout for businesses or members of the general public who would like to provide assistance of any kind.

Feel free to give me a call 0417 848 696 if you want more info or you are interested to help out in any way. Finally, don't forget to drop in for some home style cooking on Thursday nights and support our netball and football teams as we head into finals, everyone is welcome!!

## Football Club

Hello Cherry Chatter readers. Exciting times at the football club as we near the end of the season. Very good chance that all our teams, with the exception of our U12 lads, will play finals and with only 2 games left of the minor round (as of August 7th) it looks very promising that the B's will finish on top of the ladder and the A's at least in second place and both these are great results for our club and the players.

Our Women's team finished as minor premiers and this Wednesday the medal count for the Adelaide Football League for their division will be held at the club. A couple of our ladies have a very good chance of getting a good number of votes so we wish them well and congratulate the team on their efforts so far this year. The women will be playing their Grand Final at the ALDI Arena which is the old Thebarton Oval on August 19th at 10am and we are hoping to get a good turnout of supporters to cheer these girls on to the first female premiership for the club ever!

Our last home game is this coming weekend against Meadows and then the following week we come up against Torrens Valley with both games being must wins to maintain our ladder positions.

2018 has been a good year for the club, not just on the field but also with our off-field functions. In the last month the players held the annual Thunderball which was a Miami theme and they had the club setup a treat. With lots of dancing to good music they let off steam and had a great night.

Overall this season has been quite good weather wise although pretty cold for some games but the weather seems to have broken and the last couple of games have been a bit wet and windy. We have suffered a few nasty injuries late in the season which is unfortunate for the players but also a challenge for the club as we head to finals.

As we head into the finals end of the season I would like to invite you, the locals, to come along and support your teams. After all finals games we put on meals in the clubrooms and the player presentations will start at 6pm. On Thursday nights we will continue to serve meals for the players, families and supporters and locals are always welcome. There is a range of food provided including soup, schnitzels, chicken nuggets for the kids and lasagne or some other specials. Hope you can join us.

The football club has a new website and you can check it out here [www.ibcgfc.com.au](http://www.ibcgfc.com.au)

Our Facebook page can be found here <https://www.facebook.com/Ironbank-FC/> If you get a chance please check out this page and then "like" us and follow what's going on!

I would like to recognize all our sponsors and ask that all Cherry Chatter readers support these local businesses who support us and help to make our club a success.

- Telstra Colonnades – for all your telco needs
- Cherry Gardens Community Association – The Cherry Chatter readers
- SportsMed Blackwood – for any physio or injuries
- TyrePower Blackwood – the leading tyre and wheel supplier
- Daws Conveyancing – if you are buying or selling
- New Age Caravans – a great range of new and second caravans and service
- Sims Refrigeration – refrigeration experts for commercial or domestic needs
- Cellarbrations – all wines, beers and spirits in Blackwood
- Wirra Wirra Wines – great red wines
- Sandersons Fodder – for all your animals and some garden needs
- Intersport Blackwood – runners and sporting clothing
- BNG Tinting – expert in auto windows tinting
- Delco Removals – for all your removals and storage needs
- Noarlunga Packaging – packing and suppliers for businesses, schools and cafes/takeaway
- Aldgate Bakery – homemade pies, pasties, sausage rolls and breads
- Dave Benson – range of new and used caravans and service
- Timms Real Estate – contact them if you are selling or buying a home
- Langley Motor Bodies – car crash repairs and renovations
- Chris Hersey – concrete pump trucks
- Bell and Brunt – great range of jewelry
- Freeflow Plumbing – all domestic and commercial plumbing and refrigeration
- Bakers Delight – all your breads and rolls at THE HUB

## MEADOWS VET NEWS

All dog owners please make sure your dogs' vaccinations are up to date. We recently have had two confirmed cases of Parvo Virus and this is very contagious. Please note that the virus can be carried on shoes in dirt so even if your dog never leaves your property it is still advisable to have them vaccinated for protection.

Also this month we are seeing a lot of dogs with ear infections. If your dog is showing signs of ear discomfort please do not wait before seeking treatment. All ear issues can be very painful but if left can also be much more difficult and more expensive to treat!

Four out of every five dogs and cats over the age of three years have some sort of dental disease which becomes more severe with age. This can be a real problem for pets and owners because it can lead to more serious problems such as illnesses related to the heart, liver and kidney. You should check your pet's teeth regularly as pets often won't show pain. Even pets with sore gums, an infected mouth or broken teeth will continue to eat so you may not notice they have problems. Dogs are pack animals and showing weakness is not part of their

nature. They need to eat to survive so won't go off their food until the pain is unbearable.

Signs of toothache or an infection in the mouth to look out for in cats and dogs include:

- a yellow-brown tartar crust at the gum line,
- red and swollen gums,
- pawing at the mouth and face,
- bleeding, sensitivity to touch,
- changes in eating and chewing habits (often a reluctance to eat)
- depression (recognisable as listlessness)
- may also start dropping food when they are eating.

It's important that pets have regular health checks at the vet. Dogs and cats age much more quickly than humans, and it's important to catch problems early if you want to ensure a long and happy life for your companion animal. Although bones are a popular treat that you may be using for dental care, they can cause problems such as broken teeth and gut obstructions. Some products that will keep your pets teeth healthy include: foods such as Hills t/d & Advance, toys such as Dental Kongs, treats such as dental chews

and raw bones as well as toothbrushes and toothpaste formulated for pets (please note human toothpaste can be toxic and should not be used!). Horses, ponies and donkeys should not be forgotten either! It is highly recommended that dental checks are done every six months. This is because it usually takes around six months for the sharp edges on the outside of the upper cheek teeth & inside of lower cheek teeth to reappear.

Under the new regulations please ensure your pets are microchipped & that your details are always kept up to date! It is incredibly frustrating when stray animals are bought in (as a number were during our recent bad weather) & we have to send them to the pound as we have no way of knowing who the owner is! The owner will then incur fines that are much more than the cost of a microchip!

## RECREATION GROUNDS contd

### Netball Club

With the 2017 season just over half way through all the teams are playing some competitive netball with all seven of our senior teams sitting in top four positions, and six of our junior teams also in top four positions. All girls are improving their skills and always exhibiting big smiles when they finish their games (win, lose or draw) with all other teams being competitive and only just out of the finals spots.

We are once again hosting the Hills Netball Association Grand Final (8th Sept) at the Ironbank Cherry Gardens netball grounds.

Off the courts, we held a very successful Quiz Night and a Blokes afternoon. Special thanks to our club sponsors:

- Aldinga Afterhours GP (its closer than you think)
- Summit Glass

## COUNCIL NEWS

### 2018 Council Elections

Participating in your local Council election is one of the most direct ways you can make a difference to everyday life in your community. While it is not compulsory to vote in council elections it does give you an opportunity to get the right people in to the council to represent you and our community.

The next Onkaparinga Council elections will take place in November 2018.

Timetable

Rolls Close	5pm Friday 10 August 2018
Nominations open	Tuesday 4 September
Nominations close	12 noon Tuesday 18 September
Mail out of voting materials	Monday 22-Friday 26 October
Close of voting	5pm Friday 9 November

As a result of the 2017 Elector Representation Review please note that you will be voting for the following composition and structure for the City of Onkaparinga in the 2018 Council elections:

- The principal member of Council will be a Mayor elected by the community.
- The elected body of Council will comprise the Mayor and twelve (12) ward councillors.
- The Council area will be divided into six wards.
- Each ward will be represented by two (2) ward councillors.

The wards will be identified as Mid Coast, Knox, Pimpala, Thalassa, Southern Vales and South Coast. Cherry Gardens is in the Thalassa ward.

### Announcement from Onkaparinga Mayor Lorraine Rosenberg

Lorraine Rosenberg has announced she will not be nominating for the position of Mayor at the upcoming local government elections in November. Her announcement comes after 12 years as Mayor of South Australia's largest metropolitan council.

"I often say that Onkaparinga is the centre of the universe and the reason I say that is because our region is unmatched as a place to live, work, invest and visit."

"I've worked as hard as I can every day for our region and its communities and I am proud of what has been done and where our region is heading."

"It's been both an honour and a privilege to work with our fantastic local residents, community groups and council staff. They all believe in our region as much as I do. I have been humbled by the many messages of support from both residents, the broader Local Government sector and businesses over my time as Mayor and most significantly during the past 18 months while I have been the spokesperson for Onkaparinga during challenging times. The many messages of support have been overwhelming and for that I thank everyone."

"I particularly want to recognise this great community of Cherry Gardens, who have welcomed me into this community and worked in cooperation with me on issues of concern. Although this is a small community it is amazingly dynamic and innovative and punches well above its weight. I want to highlight and thank the publishers of this outlet as a way of keeping your community informed, the hall committee for the tremendous efforts in this facility and the ongoing carols celebrations by combining with the Cherry Gardens Uniting Church."

"I also want to commend the community and Blackwood RSL for the ongoing and growing ANZAC Day Remembrance Services. The numbers attending are testament to the need and respect this community holds for the organisers and the event. I wish this community and all residents the very best of good wishes for all you endeavour in the future."

"I feel that now is the right time for me to provide someone else with the opportunity to enjoy the honour of being Mayor of the best region in South Australia."

"I'm planning to spend more time with my family and looking after my farm, but I'll not be far away."

With thanks

Lorraine Rosenberg

Mayor, City of Onkaparinga

# ONKAPARINGA NEWS

## COROMANDEL VALLEY HISTORY WALK

**6 and 13 September, 10am**  
**Watchman House, 360 Main Road**  
**Coromandel Valley**

Healthy Active Lifestyles Onkaparinga (HALO) and the Coromandel Valley and Districts National Trust invite you on a two-hour guided walk through historical Coromandel Valley. This event is open to everyone and is FREE to participate.

For more information visit  
[www.onkaparingacity.com/halo](http://www.onkaparingacity.com/halo)

Bookings required as places are limited.

## INTRODUCING 'YOUR SAY ONKAPARINGA'

A new online community engagement platform, Your Say Onkaparinga, is now available. You can find out about council projects, have your say on topics that interest you and help shape council decisions.

Go to [www.onkaparingacity.com/yoursay](http://www.onkaparingacity.com/yoursay) to register.

## 2018 COUNCIL ELECTIONS

### NOMINATIONS FOR THE POSITIONS OF MAYOR AND COUNCILLOR

Nominations for the positions of mayor and ward councillor in the 2018 Council elections will open at 9am on Tuesday 4 September, and close at noon on Tuesday 18 September.

Nomination kits are available from the City of Onkaparinga Noarlunga office, from Monday 27 August.

Nominations may only be lodged at the Noarlunga office.

## Candidate briefing session

Thursday 30 August 2018, 7pm  
City of Onkaparinga Noarlunga office  
Ramsay Place, Noarlunga Centre

To attend, contact Sue Hammond on 8384 0747 or email [election@onkaparinga.sa.gov.au](mailto:election@onkaparinga.sa.gov.au)

Authorised by Mark Dowd, PO Box 1, Noarlunga Centre 5168

## COME AND TRY TENNIS

Throughout September, Healthy Active Lifestyles Onkaparinga (HALO) and various tennis clubs in our city are hosting free open days so you and your whole family can come along and enjoy a hit or two. All ages welcome and no bookings required.

To find a club near you, visit  
[www.onkaparingacity.com/halo](http://www.onkaparingacity.com/halo)

## COMPOSTING WORKSHOPS

Saturday 8 September  
Elizabeth House, 112 Elizabeth Road  
Christie Downs  
\$5 per session

- Introduction to composting, 10am–noon
- Make your own Bokashi mix, 1–2.15pm

# Onkaparinga in full bloom

**Green thumbs across the City of Onkaparinga have been showcasing their gardens as part of this year's Mayor's Garden Competition.**

**W**inners of the annual competition were announced on Thursday 16 August.

Judged by a panel of council staff and elected members, awards were presented in categories including Open, Rural, and Edible Garden, with Individual, School and Community awards as sub-

categories of Edible Garden.

"It's always amazing to see the dedication, enthusiasm and outstanding efforts so many people in our community invest into their gardens," says Mayor Lorraine Rosenberg.

Tatachilla Lutheran College was awarded the Open category for their outstanding eco-classroom, and Robert Laffer from McLaren Vale won the Rural category.

Andrew Hickman from Aldinga Beach was the winner of the

Edible Garden Individual sub-category.

Craigburn Primary School and Clarendon Primary School both received Encouragement Awards for their edible gardens.

O'Sullivan Beach School won the Edible Garden School category, for the second time, so they were also inducted into the Hall of Fame.

Along with celebrating the achievements of local gardeners and community-driven projects,

the annual event also aims to encourage people to nurture their surrounding natural environment, and enhances the liveability of the Onkaparinga region.

"These gardens improve our environmental sustainability, beautify our region and bring communities together to share their knowledge and passion for gardening," Mayor Rosenberg said.

For more information and photos visit [www.onkaparingacity.com](http://www.onkaparingacity.com)

# NOMINATE
